Think about how long and tiresome it will actually be to tidy up right after a party, with no help from equipment. Previously, the dust from upholstery and carpets had to be beat out of them by hand; brushes, cleaning cloths and brooms were the best cleaning products during that time.

P.A. Fisker, the man who established Nilfisk-Advance, was an electrical engineer who loved working with electrical motors. Founding the business in 1906, he started to produce motors to drive coffee grinders, drills, fans and machine tools. Mr. Fisker's vision from the start was to have a worldwide company selling merchandise worldwide.

The Nilfisk C1 was a remarkable breakthrough for the cleaning trade. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and can be operated by one individual. This invention came in a time where many cleaning machines were very big and needed at least 4 operators, thus, the Nilfisk C1 transformed everything and developed the method we clean forever. The mastermind behind these very first cleaning equipment remains unparalleled. Cleaning equipment offer an excellent solution to an ongoing problem; stuff get filthy and have to be cleaned frequently, without too much effort.

Little by little, the business Nilfisk-Advance developed all through the years. In the the early part of the 1980's the company grew fast when the business became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance forward within the industry, aspiring to be an active global player in producing professional cleaning equipment. Nilfisk-Advance is presently represented in every part of the world by gradually acquiring lots of small businesses so as to expand their product portfolio and presence in new markets. They are really proud to offer various cleaning solutions to suit each and every requirement.
