

## **Lull Telehandler Parts**

Telehandlers by Lull have been supplying load placement precision since 1959. The Lull telehandler could help make the work faster and easier, whether the work involves landing loads on scaffoldings, transferring loads or positioning heavy steel. These units are complete with the patented Stabil-Trak stability system to ensure operator confidence.

The Lull horizontal load placement system supplies 80 inches of boom travel for precision placement capabilities. Different optional attachments is accessible for Lull telehandlers to be able to help complete whatever task.
