

## Concrete Hoppers

This accessory is a self-dumping hopper that automatically starts to dump as bumper release touches the side of a dumpster. After dumping is done, the hopper goes back to an upright and locked position. This particular piece of equipment even comes with a cable that enables operation from the seat of the forklift to be able to have the choice of manually unloading the hopper. There is a locking chain provided to be able to secure the hopper to the fork truck. This product is constructed with reliable and consistent robotic welds for utmost strength. The forklift dumping hopper even has a blue powder coat finish in order to maintain durability.
